

The **Halo-100** 12-needle embroidery machine is perfect for home or business.

It's great value at only \$9,999 inc GST but why not "Try & Buy"?
If it's right for you... *keep it!* If it's not... *hand it back!*

"Try & Buy" is a unique payment option that allows total flexibility and peace of mind with no finance charges or hidden surprises.

You will pay an initial deposit of \$3,500 along with 52 fortnightly repayments of \$125. Wow! That's less than \$10 a day.

Best of all, you get to experience the Halo-100 machine, and either choose to continue with the payment plan or return it any time during the 2 year schedule for a refund of your deposit. It's the ultimate no-nonsense rental plan without the nasty catches.

| | |
|---|---|
|  | <p>If the Halo-100 is right for you... Simply keep paying the scheduled repayments. Once they are completed, the Halo-100 is yours to keep! Your initial deposit combined with the 52 fortnightly repayments equals the retail sale price of the Halo-100. Of course, you can opt to pay out the remaining cost earlier if you wish and there may even be some rewarding incentives for doing so.</p> |
|  | <p>If it's not right for you... Not a problem. We'll help you arrange the return of the Halo-100 any time within the two year repayment period, and you'll receive a refund of your original deposit, less any costs as detailed in the terms and conditions. However, the scheduled fortnightly repayments will not be refunded as they are essentially like rental payments. In fact, many customers may find this option very useful as a short to mid-term rental facility and that is perfectly fine.</p> |

Please contact our sales team on 1800 000 360 or sales@echidnasewing.com.au if you have any further questions. Remember, there are no finance companies to deal with, no interest, and you can cancel at any time. *This is an exclusive offer provided and funded by Echidna Sewing Australia.*

Terms & Conditions

Echidna Sewing Pty Ltd is offering you "the customer" an extended payment plan. This facility is not connected or affiliated with any financial institution. No additional charges or interest have been applied. The amount to be paid is equal to the retail sale price stated in the agreement. A minimum 35% deposit is required with the outstanding balance to be paid over two years using 52 equal fortnightly payments, which are to be set as an automatic direct debit or charged to your nominated credit card. You may cancel this payment plan at any time and return the machine in the original packaging with all the accessories that formed part of the purchase price in good physical and working condition. Upon cancellation, your deposit will be refunded less any of the following costs:

- Any overdue fortnightly repayments
- The original shipping/delivery charges as shown on the original sales invoice (if applicable)
- Return shipping charges (Not applicable if you return the machine yourself)
- Replacement costs of any missing parts or accessories
- The cost of abnormal repairs should the machine be returned in damaged or non-operational state due to neglect or misuse

The Halo-100 is equipped with an anti-theft periodic payment lock system. The unlock number is provided by Echidna Sewing upon request by the customer, but will be withheld if the payment schedule is not maintained. The lock system is permanently disabled if ownership passes to the customer. Ownership of the goods provided under the terms of this agreement is retained by Echidna Sewing Pty Ltd until payment has been received in full. Failure to comply with the repayment schedule provided on this agreement will result in the payment lock system being activated, rendering the machine inoperable. Normal machine operation will be reinstated when the payment schedule is corrected or the customer pays in full.
